“And among his signs is that he created for you wives from among yourselves, that you may find rest in them, and he has put between you affection and mercy. Verily, in that are indeed signs for the people who reflect”

[Quran30v21]

Acknowledgments

I sincerely extend my profound gratitude to God Almighty who has endowed me with the little knowledge and wisdom to make this work a reality. I give Him all the praises, pray for more favors, guidance and acceptance. For without His divine acceptance, all our endeavors will be fruitless in this life and the life after.

I extend complete peace and salutations upon our beloved messenger Muhammad (pbuh), his entire family, his companions and all those who follow his path till the day of reckoning.

My Motivation

My motivation to do this work was derived from the narration of Jabir (RA) that the prophet (pbuh) said: **“the throne of iblis (Satan) is on the sea and he sends out his troops to spread mischief (fitnah) among humans on a daily basis. The greatest of them (troop) in his sight is the one who causes the most fitnah (separate between husband and wife).”**

God Almighty says in Quran 2 V 102 that **“.....And from them, people learn what cause separation between husband and wife.....”**

From the above narration of our beloved messenger (pbuh) and verse from the glorious Quran, I decided to make saving marriages from the plot of Satan and his workers (humans/devils) my main “dawaa” motive by the will of God Almighty. “Wabilahi Ar-Taufiq” (to God Almighty belongs total acceptance)

O'God Almighty! We put our complete hope and trust in you alone. For certainly, without Your help, we cannot on our own achieve anything in this life and next.

O'God Almighty! We plead that you bless, promote, protect and solidify our marriages in your obedience.

GUIDE 1

Misunderstanding

One of the best way to save our marriages from matrimonial cracks is by trying very hard to solve our marital misunderstandings by ourselves with the help of God Almighty, and not to allow a third party to learn about it or to come between us for settlement purposes except as a last resort. God Almighty clearly guides us on how to bring a third party in our marriages for the purpose of reconciliation. He says in Quran 4 V 35 that “And if you fear dissension between the two, send an arbitrator from his people and an arbitrator from her people. If they both desire reconciliation, God Almighty will cause it to happen between them. Indeed, Allah is ever acquainted with all things.

From the above verse of the glorious Quran, God Almighty has made it very clear that the primary key to solve our marital misunderstandings is the readiness of the two couple to reconcile. If they are truly ready for reconciliation, God Almighty will assist them in achieving the peace out of His divine infinite mercy.

GUIDE 2

Self Control

Try as hard as possible to control yourself from negative reactions when your spouse is angry. Because spouses getting angry at the same time is one of the worst moments that can either cause minor or major damage in marriages. Therefore, to save the marriage from damage/damages, we should adhere to the advise of our beloved prophet (pbuh) that “the strongest person is not the one who pulled down another in wrestling contest, but rather the one who control him/herself in a state of anger”. *[Sahih Al-Bukhari 5763]*

For verily, anger is one major destroyer of marriage relations.

GUIDE 3

Tongue

The tongue can break or make our marriage relationships.

So try as hard as possible to control the use of your tongue by using the correct words when speaking to your spouse, and avoid the use of harsh, hard or disrespectful words. As the prophet (pbuh) said in his hadith that **“Whoever guarantees me the chastity of what is between his jaws (tongue) and what is between his legs (private parts), I guarantee him jannah”**

GUIDE 4

Cover up

Never expose the weakness/weaknesses of your spouse (husband/wife) to anyone, including your own family members.

Allah says in **Quran2 V187** that **“.....Your wives are a cover cloth for you and you are cover cloth for them.....”**.So never ever wash the dirty linings of your spouse outside.

GUIDE 5

Pray for and not against

Try hard to pray for your spouse whenever you are upset with him/her, rather than swearing them.

Example: Say this whenever you are upset with your spouse “May God Almighty make you a good wife/husband to me” or something similar. This is more beneficial for your marriage than swearing, because we do not know when God Almighty answers supplication.

GUIDE 6

Communicate

Call and send lovely messages to your spouse (husband/wife) often when you are apart. It is a beautiful way to keep the connection stronger and reassuring that you are always thinking of them. Work hard to keep your communication alive at all time in order to avoid complications in your marriage.

GUIDE 7

Eat together

Eat on the same plate, feed one another whiles eating, bite on the same point where your spouse has bitten and bath together romantically.

For all of the above mentioned practices are parts of the romantic practices of our beloved prophet (pbuh). So copy from him (pbuh) and paste in your marriage to save it from cracks or breakage by the will of God Almighty.

GUIDE 8

Time

Spend quality time with your spouse on a daily basis. This is a great act of worship that will earn you a great reward from God Almighty. It is also a beautiful means of solidifying the marriage bond by the will of God Almighty.

As the prophet (pbuh) said **“the best of you are those who are best to their families and i am the best to my family”**. [Sunan Al-Tirmizi 3895]

GUIDE 9

Gift

The Prophet (pbuh) said “Give each other gifts and you will love each

other”

Give little/simple gifts often to your spouse. For by God Almighty!, a small sincere act of kindness can turn a gloomy day to a brighter one.

The prophet (pbuh) said “..... Show kindness even with half a date”

[Sahih Al-Bukhari 6195]

GUIDE 10

Keep the Relation

Let keep our relation with the Creator intact. For certainly,when we keep our relationship with God Almighty intact, He will keep our marriages stronger and longer in His divine protection.

GUIDE 11

Have Fun

Share respectable fun together. Don't be that MR/MRS SERIOUS all the time. It is reported that our beloved prophet (pbuh) used to have so much fun with his wives. A clear example in the case of A'ishah (RA) whom our beloved prophet (pbuh) ran sport with on two different occasions. She won in the first race, and the prophet (pbuh) won in the second. With all his extreme busy prophetic responsibility that cannot be compare to none, He still find time to have fun with His wives. Are you doing something similar?, If yes, congratulations. But if no, then start doing for the pleasure of God Almighty.

GUIDE 12

Suspicion and Fault finding

Avoid too much of suspicion and fault finding to save your marriage from cracks or breaking. Be rather a good finder who is always trying to pick out the good in your spouse with the help of God Almighty.

For Allah warns us strictly against suspicion in the **Quran 49V12** that **“O you who believe, avoid too much of suspicion; indeed some**

suspicious are sins.....”

Note

Do not give a reason to your spouse to suspect/doubt you in anyways.

GUIDE 13

Lay your head on

Often lay your head on the thighs of your spouse for a head massage or hair comb. It's a great practice of our beloved prophet (pbuh). He used to lay his blessed head on the thighs of his beloved wife A'ishah (RA) whiles reciting the Quran for a hair comb and head massage.

AllahuAkbarr, AllahuAkbarr, AllahuAkbarr, what a sweet love. What are you waiting for? Start doing the same in order to make your marriage more palatable.

GUIDE 14

Crises situations

In time of marital crises/misunderstanding, look for solution and not individual winning. Because when we look for individual winning, we only get temporal glory. Whiles when we look for mutual winning, we will solve the problem and have sustainable glory by the will of God Almighty.

GUIDE 15

Stay away

Ideally, stay a bit separately away from the rest of the family members after marriage. This is not applicable in all cases, but sometime very necessary to save our marriage.

For many marriages has sustained cracks that has resulted to breakage due to the excessive interference of some/all family members.

GUIDE 16

Control your mobile devices

To save your marriage, use your electrical devices wisely and timely as well. Don't prioritize your mobile devices over your spouse.

Your marriage is far more superior to any device. So control the use of your phone to save your home.

GUIDE 17

Be a Soft touch

Try to be a human soft touch device to your spouse in your character and conduct and not hard touch device in your character and conduct. The prophet (pbuh) said “when politeness is removed from anything, it reduces its value.....” *[Sahih Al-Bukhari]*

GUIDE 18

Be romantic

Be romantic and sexually palatable to your spouse at any time permissible by the will of God Almighty.

God Almighty says in Quran 2 V223 that “Your wives are your farm, go to your farm as anytime permissible and send good deeds or (ask God Almighty to bestow upon you good offspring) for your own selves beforehand. And fear God Almighty, and know that you are to meet Him in the hereafter, and give good tidings to the believers.” Logically, if the Quran call women as farm then men are automatically farmers. We all know the agricultural romance that is existing between the farmer and his farm. For the farmer to succeed in achieving beautiful harvest, he/she has to be physically and emotionally attach to the farm. Similarly, if we want to get the best of our spouse, we have to be physically and emotionally attach to them and sometimes even add marital fertilizer to gain more marital harvest by the will of God Almighty.

GUIDE 19

Care

In order to save our marriages, let show love and care to the family of our spouse. Don't be selfish or self-centered person at all. As one of the main aim of marriage is to bring families together and not tear them apart.

GUIDE 20

Love

Say the golden statement "I Love You" from your heart often to your spouse, and practicalized the love as well on a timeless basis.

GUIDE 21

Not a military Barracks

Remember that marital home is not a military barracks where commands are dish out by commanders.

Let save our marriages by inculcating the golden word PLEASE whenever we want to demand or send our spouses on an errand. This golden word will ensure peace and harmony in your marital day to day affairs by the will of God Almighty.

GUIDE 22

Appreciation

Appreciate one another by heartily saying the golden word THANK YOU (jazakumu'Allahu khair) often to your spouse for any little or more good deeds done. This is an important condiment in our day to day life because, gratitude is an act that beautifies the recipient and motivates the giver to do more. So the more we heartily appreciate our spouse, the more they will be motivated to do more by the will of God Almighty.

Remember that the word thank you is not only for his/her excellence

work, but also for average or less than average work (little gifts, cook, laundry etc). This is a great way to motivate your spouse to do more or improve greatly as time passes by the will of God Almighty.

GUIDE 23

Pride

Don't be too proud, greedy and selfish in your marriage, for these are tools that destroys marriage quickly.

Our beloved prophet (pbuh) defined proud as “.....the act of refusing the truth and looking down upon people”. [Sahih Muslim]

So save your marriage by accepting the truth whenever it comes from your spouse and value him/her in every condition. It is obvious that if you don't through away your pride, your marriage will take a ride (break) sooner or later.

GUIDE 24

Feeding

If you truly love your husband, feed him well and monitor his eating habit as well. Do not always allow him to eat from anyone or always go for take away food. Because there is a possibility for another woman going to the same take away point to take him away.

My beloved sister, be his restaurant and don't be lazy for his stomach and his private part.

My dear husband, work hard to provide for your wife by the will of God Almighty.

GUIDE 25

Evil Eye

Our beloved prophet (pbuh) said that **“the evil eye is true”**. [Sahih Muslim]

Therefore, control the things you upload on social media (facebook/ instagram/ whatsapp, etc). If your married is bless, be thankful to God Almighty and keep your blessings within. If there is a crisis, turn to God Almighty for solution. Always post your marital problems to God Almighty for complete solution and not on Facebook for Likes.

Remember that there are always people who are waiting anxiously to **PRESS THE LIKE BUTTON** when evil befall your marriage

GUIDE 26

Take Full Charge

Do not leave the entire service of your husband in the hands of another woman (house help). My dear sister that is one of the greatest risk you will ever take in your marriage.

Never ever completely trust the company of the **sheep and grass or that of fire and petrol**. As we have heard or witness some cases where female house help been promoted to Madam of the house and Madam relegated thereafter because of complete negligence of madam or something similar. Take heed my beloved sister in order not to fall a victim.

GUIDE 27

Witch Doctor/Soothsayers

Never ever go to seek assistance from a witch Doctor. Because that will be the day you will invite the devil himself in your marriage.

You will agree with me that every business person will want to keep his/ her customers. So do not be the customer of a witch doctor at all, no matter the trials in your marriage. Because the witch doctor will always find a way to keep you going to him/her often. That is because they are selling fake products and not original solutions. We are therefore warned

by the messenger (pbuh) not to ever seek their assistance, nor even visit them jokingly. As he (pbuh) said in his hadith that **“whoever goes to fortune-teller and ask him about something, his prayer will not be accepted for forty days.** In another narration, he (pbuh) said **“whoever goes to soothsayer and believes what he says has disbelieved in that which was revealed to Muhammad (pbuh).** [Sahih Muslim & Abu Dawood]

Turn all your problems to the Owner (God Almighty) of permanent and original solutions. Certainly and surely, He is able and capable of solving all our problems if only we truly believe in Him alone and put our complete trust in Him.

GUIDE 28

Argument

Save your marriage by restraining yourselves from arguing on every little issue.

As our beloved prophet (Pbuh) said **“I guarantee a house on the outskirts of Jannah(paradise) for the one who give up argument even if he/she is in the right....”** [Tirmidhee]

GUIDE 29

Environment

Sometimes it is necessary to change environment after marriage. Because you might be too known in your former environment for the past mistakes (previous forbidden relations or other evil engagements) you have indulged in prior to marriage. God Almighty has created the earth wide and encourages us to travel through it for a better life. As He (God Almighty) clearly says in the glorious Quran 71 V 19-20 that **“And God Almighty has made for you the earth wide spread (an expanse), that you may go/move about therein in wide paths”.**

So save your marriage by moving to another new environment and start

a fresh life by the will of God Almighty.

GUIDE 30

Fun Day

If you are an extremely busy spouse due to weekly job engagements, then make your Sunday as FUN DAY and not PHONE DAY.

Put your mobile devices aside and have quality time with your spouse during the weekends to save the marriage from loneliness and evil influence of Shaitan/devil.

GUIDE 31

Never Compare

Never ever compare your marriage to another. Because God Almighty has drawn different marital questions (tests) and blessings for all marriages. As God Almighty says in Quran 43 V32 that **"...We have raised some of them above others in degrees (ranks)..."**

Therefore, don't compare your marriage to another. Remember that we all have different marital examination trials and blessings. Our stories will never be the same. So pay utmost attention on yours and stop spying negatively on others in order to pass your marital tests with flying colors by the will of God Almighty. As God Almighty says in Quran 4 V 32 that **"Do not wish for that by which God Almighty has made some of you exceed others.....".***

GUIDE 32

Cleanliness

Be very clean and tidy up always for your spouse.

As the color and scent attract the bee to pollinate the flower, so do the same attract a man to a woman. So clean up, shine up, brush up, fix up and smell sweet for your husband. The same applied to the husband for

his wife.

As God Almighty says in Quran 2 **V222 that “surely, Allah loves those who turn much to Him in repentance, and loves those who purify themselves”**

GUIDE 33

Foreplay and Intimacy

The above mentioned are two core ingredients to save our marriages. Many couples neglect foreplay (kissing, fondling etc) before intimacy, either due to ignorance, negligence or deliberate. For that reason, spouses end up sexually unsatisfied and emotionally imbalance as a result.

The prophet (pbuh) said “Do not engage in intercourse with your spouse like animals (without foreplay).....”.

Let's therefore ensure that we have romantic warm-up (foreplay) before the match (sexual intercourse), in order to save our marriages from matrimonial injuries. It is important for us to be very serious when it comes to marital sexual relation, because it is an act of charity according to Islam. As the prophet (pbuh) said in his hadith that **“having intimacy with your spouse is a great act of charity”**. *[Sahih Muslim]*

GUIDE 34

Tongue and private organs

The prophet (pbuh) said **“I guarantee paradise for whosoever guarantees me the correct use of his tongue and private parts.**

Unarguably, the above two organs can make or break our marriages. Let's therefore make the correct use of the two mentioned organs in permissible ways to save our marriage, and not the opposite. For certainly, no good husband/wife will ever appreciate a partner that

cannot control his/her tongue from bad words and private parts from adultery or something similar.

GUIDE 35

Smile Often

The prophet (pbuh) said **“Smiling to your brother is charity”**. Therefore, to smile to your spouse is charity plus by the will of God Almighty.

A good spouse never keeps consistent frowns. He/she will find a reason to keep smiling in order to uplift the atmosphere of the home through the spread of beautiful and loving smiles. He/she will speak gently and select the choice of words to use. A good spouse never raises her voice above normal level when communicating to one another. For God Almighty says in **Quran 31 V 19** that **“And be moderate in your pace and lower your voice, indeed the most hateful of sounds is the voice of donkeys”**

GUIDE 36

Cheating

The prophet (pbuh) said **“.....whoever cheats us is not part of us”**.

[Sahih Muslim]

Be faithful to your spouse and avoid cheating in every form, for cheating is a matrimonial cancer that can kill marriage quickly.

GUIDE 37

Wife and not Knife

Be a good wife that will add **LIFE** to the marriage and not a **KNIFE** that will cut it short.

GUIDE 38

Forgiveness

If you want the forgiveness of God Almighty, then forgive others. Unarguably, we all make mistakes on daily basis. We step on the toes of one another often in our matrimonial homes.

Therefore, try to forgive your spouse for the mistakes done to you for the pleasure of God Almighty, and pray to God Almighty for His mercy upon them and to make them the pleasure of our eyes. For God Almighty says in **Quran 24 V 22** that “.....**Let them pardon and forgive. Do you not love that Allah should forgive you? And Allah is oft-Forgiving and Most Merciful**”.

GUIDE 39

Friends

To save your marriage, you must surround yourself with good friends/companions. Friends that are God fearing and know what marriage means in the sight of God Almighty and the practice of His messenger (pbuh), and not those who will ask you to leave your marriage for any reason.

For the **Prophet (pbuh)** said “**Man is a potential candidate in his/her friend religion (practices)**. So let each one look out for whom to befriend”. *[Riyadus Saliheen]*

GUIDE 40

Job

You should never ever allow your job commitment to overrun your family commitment. It is very sad that we find many men prioritizing wrongly by putting their jobs over their family. Forgetting that, the primary aim of working tirelessly is to keep our family going and not to let it go. Never ever sacrifice the people that will look after you when the work place will throw you out willingly or unwillingly. Allah says in Quran

66 V 6 that “O you who believed, protect yourselves and your families from a fire whose fuel is people and stones.....”.

GUIDE 41

Keep Yourself

To save your marriage, do not lose yourself after marriage. Many spouses often lose their good looks after marriage due to the notion that “I have him/her now, why should I worry again”. This is a very wrong notion that often lead to marital cracks, divorce or leading some spouses to look somewhere else (May God Almighty protect us from haram).

So work harder to keep your spouse in your marital net by always beautifying yourself, and not only doing so when attending a program or going for work like many spouses are doing this days.

As reported by Ikrimah (RA) that Abdullah Ibn Abbas (RA), said, **“Verily, I love to beautify myself for my wife, just as I love for her to beautify herself for me, due to the saying of God Almighty in Quran 2 V 228 that: They (wives) have rights similar to those over them according to what is reasonable...”**.

GUIDE 42

Keep the Balance

Many marriages got weakening in terms of intimacy/emotional connection after the coming of a child/children by the will of God Almighty. This is often due to the wife incapability to keep the balance between the new born (child/children) and the old born (husband), or the husband losing interest on the wife due to her slight bodily changes that are connected to childbirth

My dear sister, always remember that **Mr** is the eldest son, so do not careless him upon the arrival of the younger one. To you my beloved brother, fear God Almighty and know that those belly stretch marks

where caused by you. So love your wife more after child birth and cherish her more than ever before for the pleasure of God Almighty.

GUIDE 43

Quran

Make the sincere recitation and listening of the book of God Almighty (Quran) as part of your daily marital routing. For certainly, it will be a great way of protecting your marriage from the plot of devil (human/jinn).

God Almighty says in Quran 17 V 45 that “when you recite the Quran, we put between you and those who do not believe in the hereafter an invisible veil”.

GUIDE 44

Zikr (Remembering God Almighty)

Make the remembrance of God Almighty as part of your daily marriage life. For God Almighty says in **Quran 2 V 152 that “Remember Me and I will remember you.....”.**The prophet (pbuh) also says **“Remember Allah during times of ease and He will remember you in times of difficulty” (Tirmidhi).**

GUIDE 45

Dua (Supplication)

Let's inculcate supplication to God Almighty as our weapon in times of need and for protection of our marriages. For **Allah says in Quran 106 V 3-4 that “So let them serve the Lord of the house. Who feeds them against hunger and give them security against fear.**

Allah also says in Quran 40 V 60 that “And your Lord says, Call upon me; I will respond to you.....”.Our Lord has encouraged us to call upon him upon every condition. It is therefore up to us now to call upon him

with complete faith, fear and hope in His infinite mercy.

GUIDE 46

Prayers

The greatest weapon we can use to save our marriages is prayer (Five daily prayers, and other voluntary prayers). In order for us to live happily before and ever after, we have to keep our connection with our Creator intact by fulfilling His obligations. God Almighty says in Quran 20 V 14 that **“Surely I am Allah, there is no god but I, therefore serve Me and keep up prayer for My remembrance”**. And He (God Almighty) also says in Quran 20 V 132 that **” Enjoin prayer upon your family (people) and be steadfast therein. We ask you not for provision, we will provide for you and the good ending is for the righteous people”**.

GUIDE 47

Night Prayer

Many of us neglect the night prayer in our lives. We therefore often find difficulties upon difficulties in our lives because we are not making correct use of the **Free Spiritual Night Line (tahajud prayer)** opportunity given to us by God Almighty in every night. But rather prefer spending the whole night on the internet, watching movies, playing/watching games or something similar. Forgetting that, one of the best times to communicate with God Almighty is during the night when many are sleeping. **God Almighty says in Quran 73 V1-2 that “O you who wrapped in garment!, Rise to pray in the night except a little.....”**. Let make it a point of duty to be using the **free spiritual network (night prayer)** in order to ease our marital affairs by the mercy of God Almighty.

GUIDE 48

Allow him

My dear sister, save your marriage by allowing the husband to be the driver of affairs, especially in public. Many men will/do allow their wife to

control them internally but not externally. So do not try to be the driver of your marriage as others are preaching, but rather allow your husband to do so after God Almighty. No husband loves a woman that want to control him. So give him internal advice and allow him to take decision externally. **God Almighty says in Quran 4 V 34 that “Men are the protectors and maintainers of the women, because Allah has made some of them to excel others and because they spend out of their property to support the women; the good women are therefore obedient (to God Almighty and to their husbands), and guard in the husband’s absence what God Almighty has orders them to guide (e.g. their chastity, their property).....”**

GUIDE 49

God Consciousness (Taqwa)

This is the bed rock in saving our marriages. Because, the moment we become conscious of God Almighty, we will automatically fulfill the rights of one another and will abstain from violating the rights of our spouse. As **God Almighty remind us in Quran 4 V 1 that “O people! Be conscious of your Lord, who created you from a single soul and created its mate of the same kind and spread from these two, many men and women; and be conscious of your duty to God Almighty whom you demand one another (your rights) and to the ties of relationship; surely, God Almighty is ever watchful over you”.**Let therefore be conscious of God Almighty upon every condition and believe that one day we will stand in front of Him without an intermediary to give account for all our deeds.

GUIDE 50

Truthfulness

The structure of marriage should be built on the foundation of truth and not on lies and deceit. We are taught by our **beloved prophet (pbuh) “to say the truth even if it is bitter”**. That is because truth will make our life better, whiles lies will make our lives bitter. We are therefore reminded

by God Almighty in Quran 9 V 119 that “O you who believe! Fear Allah and be with those who are truthful in words and deeds”. The prophet (pbuh) also said:“You must be truthful, for truthfulness leads to righteousness and righteousness leads to paradise.....”. So for us to have matrimonial paradise on earth, we have to be truthful to our spouse in words and deeds.

GUIDE 51

Be Respectful

Respect is a beautiful marital condiment that will make our marriage palatable. We should therefore learn to respect one another both in agreement and disagreement situation. Never allow yourself to be disrespectful to your spouse due to disagreement. For certainly, respect was part of the inbuilt natural gift given to man by God Almighty since the beginning of human creation. As **God Almighty clearly says in Quran 17 V 70 that “And Indeed we have honored/respected the children of Adam.....”**Let’s therefore maintain the respect of one another upon every condition, as a means of obeying God Almighty and saving our human relations from crisis.

GUIDE 52

Use We-phone and not I-Phone

To save our marriages, we have to be open up to one another. Let’s avoids the use of matrimonial **I-Phones** in our marriages. Beside God Almighty, Our spouse deserve to know us better than any other human. If the whole world does not know our passwords or something similar, our spouses deserve to know because they are the closest companion to us. Remember that too much secrecy (use of matrimonial I-Phone) kills marriage quickly. So lets save our marriages by using matrimonial **We-phones** (transparency) and avoid the use of matrimonial **I-Phones** (too much secret) completely.

Conclusion

My beloved readers, please let us be mindful that marriage is the number one target of the devil (Satan), we should therefore pray and work hard to protect it by the will of God Almighty. May God Almighty grant good spouses to all the single brothers/sisters, and May He continue to solidify our marital bonds in this life and next.

Jazakumulahu khair (May Allah reward you with countless of goodness in this life and next). **God Almighty knows best.**
